

HOPE & HEROES WALK

Christopher's "Kahntourage"

<http://hhccf.convio.net/goto/Kahntourage>

**SUNDAY,
SEPTEMBER
26TH, 2021**

**JOIN OUR TEAM
or
DONATE TODAY!**

Christopher has been undergoing chemotherapy treatment at Columbia University Medical Center for over a year now. Since his diagnosis of Langerhans Cell Histiocytosis, Christopher has been under the excellent care of Dr. Justine Kahn and her team. In that time Christopher and Dr. Kahn have become the best of friends! To honor that bond and help other children with their fight Christopher has formed his "Kahntourage" and would love for you to help him raise money for Hope & Heroes!
