ANYTHING HELPS & IS APPRECIATED!!

WE THANK YOU IN ADVANCE!!

Help Retired NYPD detective Michael Cunningham back to good health!!

In June 2022, our brother Mike Cunningham, a retired NYPD Detective that served in the 68 precinct & patrol services bureau, was struck with an unforeseen and debilitating medical emergency that placed him in the hospital. Mike has been battling his illnesses for some time now in Sarasota Florida, where he has resided since his retirement from the NYPD.

As I write this, Mike, our brother, is still in the hospital/rehabilitation center, fighting to get stronger, better and back to being the wonderful son, brother, uncle, friend and neighbor that we all know him to be. He has a very long medical journey ahead of him and we are currently trying to get him back to New York for further medical treatment. He has incurred extensive medical bills and transportation to get him to NY will further add to the expensive that are piling up to get Mike better. We humbly ask for anything you can spare or something as simple as a prayer.
